OBJECTIVE

My career goal is to work with a company for which I can work efficiently and enhance my creativity in multimedia design.

QUALIFICATIONS

I am well versed in all the industry-standard graphics software. I have gained valuable knowledge of the high-end 3D software packages, such as 3D Studio Max and Maya. I effectively use, and have a clear understanding of, the principles of visual art and design.

EDUCATION

2001-2003

- Associate of Applied Science in Visual Arts & Design with a GPA of 3.5, *Salt Lake Community College*

WORK EXPERIENCE

April 2004-Present

Graphic/Web Designer, Employees Wanted Magazine

- Created display ads using industry-standard layout software and design techniques.
- Setup and corrected all the documents before being sent to the printer.
- Designed and implemented many new features on the company website.

December 2003-April 2004

Graphic Designer, Trader Publishing Company

- Created ad layouts to be used for displaying user-submitted data and pictures.
- Setup and proofread pages before being sent to the printer.

COMPUTER SKILLS

Illustration and Page Layout:

- Adobe Photoshop, Illustrator, Premiere and InDesign
- Macromedia Freehand, Flash, Dreamweaver
- Painter, and QuarkXpress

Document Management:

- Fortis and FileMaker Pro

Web Development:

- HTML, CSS, JavaScript, PHP and MySQL

3D Software:

- Discreet 3D Studio Max and AliasWavefront Maya 4.5
